Clients Say ...

*You saved our house!
Thanks for the great work!*
Leonard

We are receiving lots of rave reviews about our landscaping! Neighbors we've never met have come over to tell us how much they enjoy it!
Sherri & John

I enjoyed working with you. Your passion for your craft is terrific!
Fred

I absolutely love the design, the quality of materials and the dramatic lighting. I'm so glad I told you to 'go for it' without putting on restrictions. It was a pleasure to work with you.
Carolyn

Flakne's Exterior Design/Scape Company

Flakne's is a residential landscape design firm, proud to provide exceptional and personalized landscape design services for clients desiring a unique and distinctive outdoor environment. This award winning company provides design and installation services for the exterior of your home, including landscaping, patios and decks, driveways and walkways, retaining walls, outdoor lighting, and water features including swimming pools, fountains, and ponds. From initial consultation, through the design process, installation, and ultimately, your satisfaction, Flakne's will create the yard of your dreams.

Insist on Working with a Certified Nursery Landscape Professional

Greg Flakne, CP, has over thirty years of nursery and landscape experience. He studied Landscape Horticulture at the University of Minnesota and worked as a top Landscape Designer at Bachman's for ten years. He is heralded for his ability to incorporate his clients' ideas and needs with his expertise and knowledge of all aspects of landscaping and horticulture. Using the highest quality materials, Flakne's experienced and professional landscape and construction crews will create your ideal outdoor living space. Flakne's is an active member of the Minnesota Nursery and Landscape Association (MNLA) where Greg is a Certified Professional (CP). Greg currently serves on the MNLA Contractors Committee.

Hardscapes ...

Flakne's will recommend styles, sizes, materials, and positioning of all hardscape elements so that they blend naturally with your home's structure and overall landscape design.

Construction ...

Our professional and knowledgeable crews build structure with the highest quality materials to provide a seamless outdoor addition to your home.

Landscaping ...

Flakne's is known for combining beauty, function, style, and low maintenance for ultimate enjoyment.

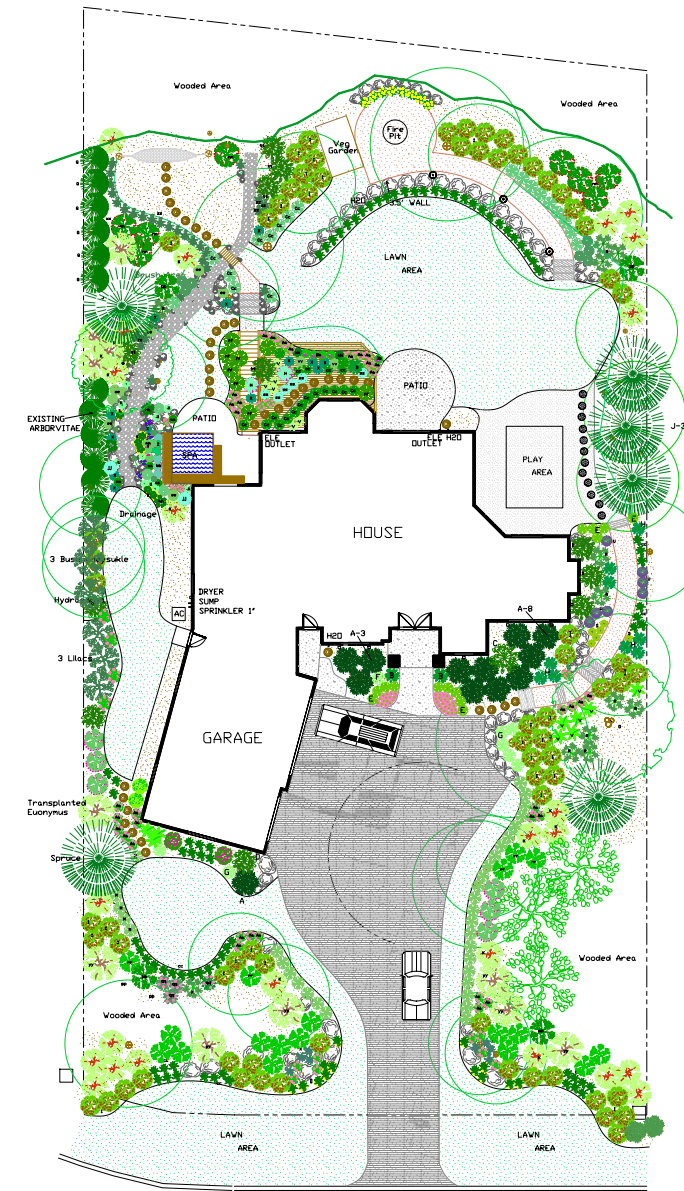

Water Features ...

Swimming pools, fountains, ponds, and waterfalls offer a new dimension to outdoor living. Water features offer a peaceful focal point in your yard, serve as a gathering place for family and friends, and attract birds and other wildlife to your home.

Outdoor Lighting ...

Professionally designed outdoor lighting will bring life to the best features of your landscape at night.

Professional Planning ...

Flakne's uses sophisticated landscape design CAD software to create full-color landscape plans that accentuate the style and most desirable features of your home, while exemplifying your personality and preferences.
